

Faculty Achievements

1. Mr. M. Siva Sankar, Asst. Professor, Dept. of CSE has participated in a 1 day didactical program on "Crafting Powerful Questions" organized by Dept. of ME, JNTUA on 16.07.2016 at JNTUA – Ananthapuramu.
2. Dr. T. Hitendra Sarma, Associate Professor and Head, Department of CSE has presented a paper in IEEE World Congress on Computational Intelligence (WCCI 2016) during 24.07.2016 to 29.07.2016 at Vancouver, Canada. Further, he got the **Travel Grant Award** of \$800 from IEEE Computational Intelligence Society to attend WCCI-2016.

Student Achievements

1. **Mr. D. Ganesh Sai Kishan Reddy, H.T. No: 124G1A0523** got an admission to pursue MS in Computer and Information Sciences at University of Alabama, Birmingham, Alabama State, USA.
2. Following students have participated in **Master Orator Championship - 2016** Organized by stumagz.com and Toastmasters International during 16.07.2016 to 23.07.2016 at BVRIT Women's Engineering College, Nizampet Road, Bachipally, Hyderabad.

S. No	H.T. NO	Name of the student	Year & Branch
1	144G5A0502	Y. Manoj Kumar	IV CSE
2	144G1A0501	S. Shama Afreen	III CSE
3	144G1A0557	T. Nikitha	III CSE
4	154G1A0597	K. Thanuj Kumar Reddy	II CSE

As part of this event, our students have participated in Public Speech on the following topics.

- ✓ Water Transportation
- ✓ Incredible India
- ✓ Human Values and Ethics.

Summary of Manoj Kumar's speech on *Water Transportation*

- ✓ In INDIA we having a long coastal region for exporting and importing the goods through water transportation, but we couldn't utilize this opportunity. We are depending on the road and rail transportation majorly. But some other countries like Singapore and Hong Kong, they depend on the water transportation. Though those countries are smaller than India but their economy growth is bigger than India.
- ✓ In India, only 6 to 7% transportation is on water, whereas in case of other countries it is 93 to 94%.
- ✓ Comparing the costs of transportation for a product; if the transportation cost of a product is 1Rrupee by road then it will take 80 paisa through rail, whereas, the cost will be only 38

to 40 paisa on water. We can utilize this opportunity and increase our economy growth.

- ✓ Finally, we should encourage the water transportation, increase our Indian economy growth and decrease the environment pollution and save the nature.

Shama Afreen's speech was appreciated in first two rounds and got qualified to semi finals.

- ✓ In the First Round, she spoke on "*Incredible India*" and on "*Being Human*" in semifinal round. In her speech in semifinals she put emphasis on human relations. "Alone one can say but together we can talk, Alone one can enjoy but together we can celebrate, Alone one can smile but together we can laugh. THAT'S THE BEAUTY OF HUMAN RELATIONS" she said.

Few notes from her speech:

- ✓ Being human is not just being a HUMAN BEING it's beyond what we think.
- ✓ When we take birth we become alive, but when we posses few qualities like love, loyalty, human values, human relationships. We become the real human beings.
- ✓ Relationship is not what we have between two opposite genders. It can be between two families, two societies, even between two countries.

Summary of T. Nikhitha's talk on *Education in Real Practice*

- ✓ In this present competitive world people are running behind marks and grades instead of quality education. Hence, the students have theoretical knowledge without practical knowledge.
- ✓ Students are selecting the courses without prior knowledge and targets, and they are studying without knowing why that course is meant for and what is the use of it.
- ✓ Nowadays, students are going to schools and colleges for the sake of amusement than learning. In particular Engineering students are blindly following the content from their prescribed text books without knowing any application in real world.

"Education should teach you how to lead a life, not to make money to lead a life".

Mr. Thanuj Kumar Reddy, during his speech on **Human Values**, said - Every human being has some capacity in doing things. Everyone should have individual spirit, strength and passion in doing things. Let nobody feel envious on others for their strengths and achievements. One should respect and applaud the others on their achievements.

"BELIEVE IN WHAT ALL YOU DO WITH WHAT YOU HAVE RATHER THAN WORRY ABOUT WHAT YOU DON'T HAVE" it will take you to the top of the peaks.

Placements: Congratulations to the following IV CSE Students who got placed During July-2016.

1. **Mr. K. Krishna Sumanth Reddy, (124G1A0537) and Ms. K. Anjana Desh, (124G1A0506)** got placed in **Mphethetic Software Systems** as a Software Trainee.
2. **Ms. S. Reshma (124G1A0567)** got placed in **Hinduja Global Solutions** as a business executive.
